Auto feed shredding is here with the innovative Stack-and-Shred™. The 130X model can automatically shred a stack of up to 130 letter-size sheets without the need for you to manually feed each sheet. Simply place the stack of papers into the auto feed tray, shut the lid, and you're done. With Intelligent Auto+® Jam Clearance and Intelligent Self-cleaning Cutters this shredder is virtually maintenance free. The 130X shredder provides Level P-4 super cross-cut shredding to meet the everyday security needs of most individuals. A manual feed option is also included to shred credit cards or up to six specialty sheets at a time, such as folded and glossy papers. The shredder's 7-gallon waste bin can be lined with Swingline® plastic or recyclable paper bags (sold separately) to simplify shred disposal.
